

Pressure-sensitive adhesives

Markets

UCB is a specialist supplier of a comprehensive range of pressure-sensitive adhesives.

As leaders in acrylic resin technology, we offer a full range of PSAs in acrylic dispersions and solutions designed and developed according to the face stock and end use. This product range allows our customers/converters to produce high performance and competitive products for the various fields of application of PSA materials.

Taking advantage of our leadership in Radcure technology, we are also introducing UV- and EB- curable PSAs for special applications.

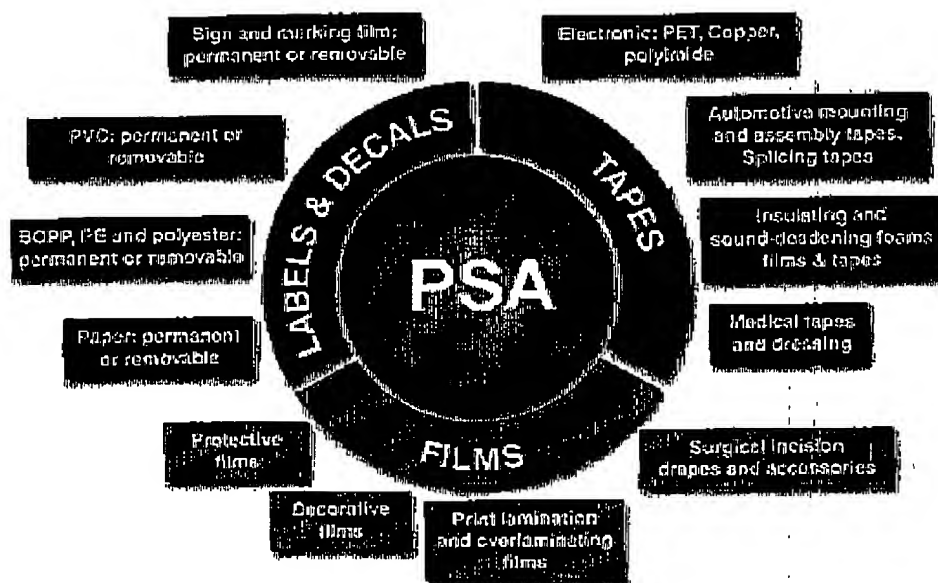

Our products are sold under 4 different trade names:

TECHNICAL SERVICE

UCB has 30 years' experience in the field of acrylic pressure-sensitive adhesives.

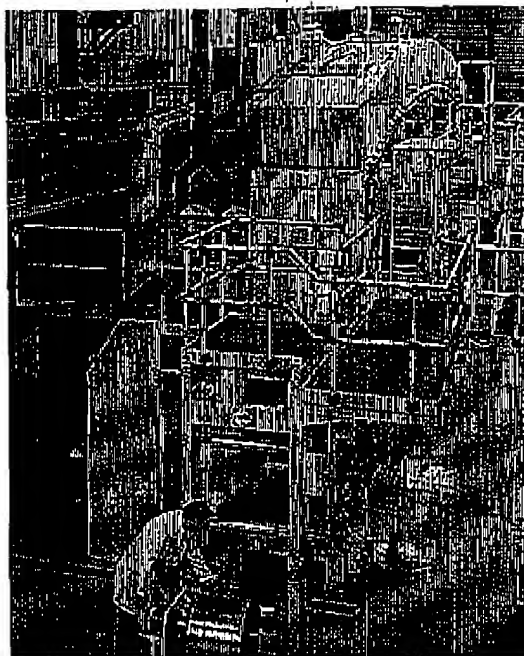

Adhesives designed and developed for and with customers are evaluated on our unique pilot coater. This equipment enables us to run dispersions, solutions and solventless radiation-curable adhesives. Fourteen different coating configurations can be set up to duplicate most existing industrial coating processes.

This unit is a research partner for our
